### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles Muserlian on October 27, 2006.

The application has been amended as follows:

Claim 16, line 3, "whreein" has been rewritten as – wherein --.

2. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest the claimed A-nor steroid derivatives. The closest prior art teaches A-nor steroids having several differences. For example, US 3,484,476 teaches compounds having a double bond in the B- instead of the A-ring as well as 3-oxo instead of a 2-oxo compounds. The prior art provides no motivation to modify the prior art compounds in order to obtain the presently claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
